PROFESSIONAL SUMMARY

A creative and detail-oriented UI/UX Designer with over 18 months of professional experience in designing intuitive, user-centred digital experiences, supported by a strong background in graphic design and visual communication. Proficient in Figma, with practical experience in website design, wireframing, prototyping, interface recreation and visual design. Skilled at translating ideas and requirements into clean, functional and visually engaging interfaces that address user needs. Currently seeking a UI/UX Designer role, preferably remote or hybrid, where I can contribute my design skills, collaborate with cross-functional teams and create meaningful digital experiences.

PROFESSIONAL EXPERIENCE

Graphic Designer (Freelance).
2022-2025

- Designed posters, flyers, banners, and social media graphics for individuals and small organizations
- Created visually appealing layouts based on client needs and brand goals
- Communicated with clients to understand design requirements and deliver revisions
- Worked with tools such as Canva and Adobe Illustrator to produce high-quality designs
- Managed multiple projects simultaneously and met tight deadlines

Graphic Design Specialist (Penbleeds and Co)
April 2023 - October 2025 | Remote

- Designed promotional materials and branding visuals
- Assisted with layout design for digital and print content
- Contributed creative ideas for marketing and awareness campaigns
- Improved consistency of visual identity across designs

UI/UX Design (IntarvAS Communications Limited)
2026

- Designed user-focused website interfaces, wireframes and interactive prototypes using Figma.
- Recreated existing website designs in Figma through visual analysis, without access to original design assets.
- Applied usability, accessibility and user-centred design principles to interface development.
- Refined layouts, navigation and visual hierarchy to improve user experience.

My Portfolio showcases selected UI/UX projects, website designs and prototypes: mogajimohd.vercel.app.
